SEBASTIÃO SALGADO GENEZA/GENESIS

DELAVNICA ROČNE IZDELAVE PAPIRJA IZ CELULOZNE KAŠE JAPONSKEGA DRESNIKA

V soboto, 2. julija, ob 11. uri bo v Mestnem muzeje Ljubljana v okviru razstave Genezo potekala delavnica, na kateri bomo z oblikovalkami kolektiva Re-generacija po tradicionalni papirniški metodi ročno izdelali papir iz celuloze japonskega dresnika.

Na delavnici se bomo najprej spoznali s pojavom tujerodnih invazivnih rastlin (japonski dresnik je uvrščen med sto najbolj invazivnih rastlin), kako te vplivajo na naše okolje in kako lahko z njimi ravnamo. V nadaljevanju vam bomo na kratko predstavili zgodovino papirništva in tradicionalnu, ročno izdelavo papirja. Ti dve tematiki bomo povezali skozi izdelavo lista papirja iz papirne kaśe japonskega dresnika. Papirno kaśo bo možno tudi obarvati z naravnimi barvili in se: poigrati z različnimi dodatki. Preizkusili bomo tudi izdelavo herbaija iz papime kaše in se ob tem spraševali, katere rastline bi lahko vanj položili, da bi spodbujali lokalno biodiverziteto in odporne ekasisteme.

Delavnica bo potekala okvirno dve uri in je primerna za vse starostne skupine.

Cena: 10 € na osebo

Informacije in obvezne prijave na: 01 2412 506, prijava@mgml.si

Lepo vabljeni, da se nam pridružite na delavnici, ki bo tako poučna in ustvarjalna kot zabavna!
