City museums as urban hubs for civic sustainability

Mehran Norouzi, Iran

Conceptual Design of Science and Technology Museums in the Far East.

Case studies: Beijing, Tokyo and Nagoya Science Museums

Jiyeon Kim, South Korea (remote)

Seoul City Wall Museum and Sustainability

Jacqueline Strauss, Switzerland

Planetopia – Space for World Change: Much more than an exhibition

Jennie Maria Schaeffer, Sweden

Museums for the future generations

17h40-18h00 Q&A SESSION

25 August 2022

CAMOC-ONLY MEETING

The Prague City Museum – Ctěnice Chateau

ON-SITE ONLY FORMAT

25 August 2022, 9h00 – 18h00

THEME: City Museums and Urban Sustainability

In continuation of the research thread initiated in 2021, at the ICOM and CAMOC Webinar: Museums, sustainable cities and communities and at CAMOC Barcelona 2021 Annual Conference, the CAMOC-only off-site meeting will tackle urban sustainability. As the world becomes highly urbanised, the role of cities, from high-density metropolises to small towns, becomes more and more fundamental in any discussion on sustainability. While interactions among urban and global systems are intrinsic to urban sustainability, approaches to its key elements, including citizen engagement, prosperity and well-being, must be rooted in place and based on a sense of place. Thus, the aim of this meeting is to study the role of city museums as local sustainable citizenship hubs. We also invite contributors who explore how city museums can work as part of larger networks connecting cities on different scales around urban sustainability and resilience goals.

LOCATION: [Muzeum města Prahy, Zámecký areál Ctěnice / The Prague City Museum, Ctěnice Chateau Complex](#)

Public transport: metro line C – Letňany station + bus 182 / 159 to Ctěnický zámek station
